DIA

DIA Global Center
21 Dupont Circle NW, Suite 300
Washington, DC 20036

Phone: +1.215.442.6100

Website: www.DIAglobal.org

Email: DIA@DIAglobal.org

Contact Person: Courtney Ingram | Associate Director, Strategic Communications

For over 50 years, DIA has served as a global platform for more than 30,000 health care product development professionals, researchers, regulators, clinicians, academics and patient advocates to collaborate to improve health globally through the advancement of lifesaving medicines and technologies. As the premier professional community for the health care product development ecosystem, DIA (the Drug Information Association) provides global players a neutral and transparent forum for the exchange of ideas and collaboration. By offering access to tools, resources, and networking opportunities, DIA provides its members and international participants objective opportunities for extending debate and discussion to advance scientific and medical innovation.

DIA is an independent, global nonprofit organization based in Washington, DC, USA, with regional offices representing the Americas (Horsham, PA, USA); Europe, Africa and the Middle East (Basel, Switzerland); and Asia (Beijing, China; Mumbai, India; and, Tokyo, Japan). For more information, visit our website at www.DIAglobal.org or contact us via Twitter @DrugInfoAssn, LinkedIn, or on Facebook.

DIA 2016

PHILADELPHIA, PA

JUNE 26-30, 2016

Meet, Engage, and Exchange with Key Decision Makers and Innovators in the Life Sciences Industry

The DIA Annual Meeting provides the best opportunity to meet with professionals from around the world, share your views and knowledge, experience cross-functional content with real-world applications from top speakers in the industry, and network with peers to build new relationships across multiple disciplines.

Juno Therapeutics

Juno Therapeutics, Inc. Headquarters
307 Westlake Avenue North, Suite 300
Seattle, WA 98109
Phone: +1.206.582.1600
Website: www.junotherapeutics.com
Email: terry.page@junotherapeutics.com
Contact Person: Terry Page | Recruiting Leader

Juno Therapeutics is a Seattle-based, clinical-stage company developing novel cellular immunotherapies. Our goal is to revolutionize medicine by re-engaging the body's immune system to treat cancer. Juno's current clinical development program includes trials for product candidates targeting B cell lymphomas and leukemias and other hematological malignancies.

We have had tremendous success and growth in just two years: Named to MIT Technology Review's 50 Smartest Companies in 2015, announced a ten year, approximately \$1B collaboration with Celgene, and was honored in Geekwire's 2015 Newsmakers of the Year Industry Leaders.

Juno is establishing a full-scope PV department and searching for dynamic expertise in the area(s) of case management, risk mitigation/management or alliance and vendor management.

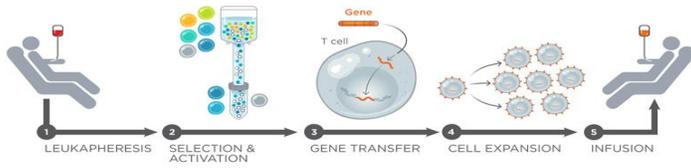

Think Big. Be Brave. Deliver. 

Juno Therapeutics is a Seattle-based, clinical-stage company developing novel cellular immunotherapies. Our goal is to revolutionize medicine by re-engaging the body's immune system to kill cancer.

Help build Pharmacovigilance at Juno!

We are establishing a full-scope PV department and are searching for innovative individuals with expertise in: case management, risk mitigation/management or alliance and vendor management. This is a unique opportunity to help create a vigorous, team-oriented PV group at Juno!

Stop by our display #17 to learn more about Juno!

Quintiles

Plaza Building
4820 Emperor Boulevard
Durham, NC 27703

Phone: +1.866.267.4479

Website: www.quintiles.com

Email: clinical@quintiles.com

Contact Person: Stephanie Swanson | Associate Director, Global Marketing

Quintiles is the largest provider of product development and integrated healthcare services, including commercial and observational solutions to help customers improve their probability of success. Our number one goal is to improve safety and achieve better patient outcomes. Quintiles is one of the only CROs with fully integrated, comprehensive safety services from clinical through post-marketing. What does this mean to you? That you have a steady partner from start to finish -- whatever your project needs and wherever you are in the product lifecycle.

Improve your probability of success™

Better outcomes

Connecting insights

Superior delivery

Creating a healthier world demands a new way of working together. A broader understanding of medicines and markets. Data visibility to refine strategy and prove value. With an integrated view of the healthcare continuum, Quintiles is building biopharma and life sciences solutions — from pipeline to portfolio to population health™.

How can we help you? Contact us at **1 866 267 4479** or success@quintiles.com, or learn more at quintiles.com/safety.

Juno Therapeutics

Table 17

Contact: Terry Page
Phone: +1.206.582.1600
terry.page@junotherapeutics.com
www.junotherapeutics.com

Juno Therapeutics is a clinical-stage company developing novel cellular immunotherapies. Our goal is to revolutionize medicine by re-engaging the body's immune system to treat cancer. Juno's current clinical development program includes trials for product candidates targeting B cell lymphomas and leukemias and other hematological malignancies.

Language Scientific

Table 2

Contact: Maura Tobin
Phone: +1.617.621.0940
mtobin@languagescientific.com
www.languagescientific.com

Language Scientific is a US-based translation and localization services company. Our network of Industry Expert linguists holding advanced degrees provide medical, scientific and technical translation services in all major European, Asian, Middle Eastern, African and American languages. We adhere to ISO 9001 and EN 15038 quality standards.

Medical Vigilance Solutions

Table 16

Contact: Mike Davis
Phone: +1.513.803.6772
michael.davis@cchmc.org
www.medicalvigilance.org

Medical Vigilance Solutions is a global provider of Pharmacovigilance, Medical Communications, and 24/7 Contact Center services. Expertise in full AE case management, medical affairs and scientific exchange, and 24/7 med info, AE and quality complaint collection and documentation.

P: 855.752.3742 | Contact Mike Davis | michael.davis@cchmc.org.

MyMeds&Me

Table 4

Contact: Andy Watson
Phone: +44(0)20 7870 9111
andy.watson@mymedsandme.com
www.mymedsandme.com

MyMeds&Me is a leading SaaS provider of web-based adverse event and product quality capture solutions for life sciences. Client companies are already seeing efficiency & effectiveness benefits and more rapidly accessing their safety data for the earliest detection of safety or quality issues. Learn more about our web-based Reportum® solution today.

November Research Group

Table 7

Contact: Celine Yuan
Phone: +1.626.322.4320
celine.yuan@novemberresearch.com
www.novemberresearch.com

November Research Group is the most experienced choice to help your company implement pharmacovigilance solutions, including the Oracle Argus Safety Suite, Oracle AERS, and other commercial adverse event reporting systems. As experts in our field, we partner closely with you to deliver the right safety software solution.

PleaseTech Ltd.

Table 6

Contact: Barry Lyne
Phone: +1.877.205.4940
info@pleasetech.com
www.pleasetech.com

PleaseTech specializes in document co-authoring and review. Our flagship product, PleaseReview, is a unique collaborative review and co-authoring solution for Microsoft Word and other document types. Used extensively by Life Sciences organizations, it facilitates controlled, simultaneous and secure collaboration for document review and editing.

PPD

Table 1

Phone: +1.910.251.0081
ppdinfo@ppdi.com
www.ppdi.com

PPD is committed to patient safety and is ready to collaborate with clients to meet the increasingly complex regulatory requirements in pharmacovigilance. Our full range of services offer flexible technologies, resourcing solutions, effective governance and continuous process improvement from early clinical development to marketed product support.

ProPharma Group

Table 23

Contact: Steve Swantek
Phone: +1.800.291.7661
PVMI.services@propharmagroup.com
www.propharmagroup.com

ProPharma Group provides Pharmacovigilance and Medical Information services worldwide, including call center support for 25+ languages with native speaking specialists. Our integrated solution provides handling of medical inquiries, adverse events, and product complaints. Other services include expert medical writing and document translations.

Quintiles

Table 5

Contact: Stephanie Swanson
Phone: +1.919.3086814
stephanie.swanson@quintiles.com
www.quintiles.com

Quintiles is the largest provider of product development and integrated healthcare services, including commercial and observational solutions to help customers improve their probability of success.

RxLogix

Tables 9 & 10

Contact: Raj More
Phone: +1.609.910.1072
raj.more@rxlogix.com
www.rxlogix.com

RxLogix is a global pharmacovigilance solutions company specializing in innovative software solutions and expert consulting services for the purpose of improving the efficiency, productivity and quality of the operational and compliance of the entire drug supply chain at pharmaceutical, biotechnology and medical device companies worldwide.

Sciformix Corporation

Table 14

Contact: Susan Najjar
Phone: +1.781.706.9663
susan.najjar@sciformix.com
www.sciformix.com

Sciformix is a leading global service provider that partners with life science companies to develop, launch and sustain medical products that aim to improve the quality of healthcare worldwide. We collaborate with our clients through the entire product lifecycle to provide a full range of safety, regulatory and clinical support services.

Symogen

Table 8

Contact: Howard Abroms
Phone: +1.203.274.0016
howard@abromsmay.com
www.symogenlimited.com

Highly regarded Drug Safety CRO based in London, New Jersey and Delhi. We process large volumes of SCR's and Aggregate Reports for the industry globally. Our clients are delighted with our flexibility and our ability to provide 24/7 support from three time zones, while keeping costs low. We are also expert in Regulatory/Medical Writing support.

UBC: An Express Scripts Company

Table 20

Contact: Brein Crumlich
Phone: +1.267.470.1687
brein.crumlich@ubc.com
www.ubc.com

UBC, subsidiary of Express Scripts Holding Company, leads the market in providing integrated, comprehensive clinical, safety, and commercialization services. Working with Express Scripts' specialty pharmacy and distribution organizations, UBC is uniquely positioned to integrate best-in-class services throughout the lifecycle of a product.

Uppsala Monitoring Centre

Table 21

Contact: Helena Sköld
Phone: +46 18 656060
info@who-umc.org
www.who-umc.org

Uppsala Monitoring Centre (UMC) is an independent non-profit foundation and centre for international service and scientific research. Our vision is a world where all patients and health professionals make wise therapeutic decisions in their use of medicines. We support and promote patient safety through effective global pharmacovigilance practice.

Vigilare

Table 24

Contact: Luis Encarnacion
Phone: +1.267.402.8414
luis.encarnacion@vigilareintl.com
www.vigilareintl.com

Vigilare, a private corporation, is a safety services organization providing pharmaceutical, biotechnology, and medical device companies with a full range of product safety services located in Conshohocken, PA.
