

[Global Pharmacovigilance and Risk Management Strategies Conference](#)
February 6-8, 2023

Bethesda North Marriott Hotel & Conference Center
5701 Marinelli Road Rockville, MD 20852

Hotel Safety Protocol

Since their founding over 90 years ago, health and safety have been at the heart of Marriott's approach to hospitality. This commitment to their guests continues to anchor them and it informs their decisions as we all adapt to new challenges presented by COVID-19. Marriott understands that people are thinking about travel differently now. That's why they have elevated their standards and rigorous protocols to create hospitality norms and behaviors to address the unique challenges presented by the current pandemic environment. [Click here](#) to read about the new filtration system installed at the hotel as well as [Marriott's Commitment to Clean](#).

Social distancing measures may be in place at the time of the event. Therefore, **we encourage you to register and make your housing arrangements early due to potential limited capacity**. Don't miss out on your chance to meet live again with your friends and colleagues! Customers should review government travel guidance to confirm eligibility and requirements for travel. [See travelguidance.marriott.com](#).

The health and safety of our guests is our top priority: [COVID-19 updates and what to expect at our hotel](#).
