

Global QPPV Forum

8-9 November 2023 |

Amsterdam, The Netherlands

WHAT ARE WE LOOKING FOR?

PRESENTATION ABSTRACTS* FOR QPPV TALKS

The QPPV Talks are designed to inspire participants through practical storytelling. Experienced QPPVs will share their real-life challenges and offer practical solutions in brief talks, followed by a live Q&A session. The talks cover a range of themes that are of general interest, providing valuable insights and advice to attendees. Join us for a session packed with real-world examples and practical advice from seasoned QPPVs. Give your experience a voice and share it with interested attendees who will be able to interact directly with you during the sessions and breaks.

We are particularly interested in speakers who can share practical experiences, best practices, lessons learned and case studies. Abstracts will be selected by DIA and the Programme Committee and their names will be published in the programme and on the DIA website.

** Please note that only scientific abstracts will be accepted for consideration, and we kindly request that all submissions refrain from including commercial bias.*

Provide in your description answers to the following:

How is your abstract relevant for the DIA Global QPPV Forum?

In a few short sentences, why should your abstract be accepted?

Maximum number of characters for Presentation abstracts:

Abstract title | 125 | Briefly describe the focus of the abstract and accurately reflect the content of the abstract.

Keywords | 100 | Please provide one or more keywords associated with your abstract. These may be used for search purposes should your abstract be selected as a concept.

Learning Objectives | 300 | Please provide a few bullet points on the objective of the abstract.

Abstract Details | 2000

QPPV TALKS FORMAT

The QPPV Talks follow a specific format, with brief and impactful presentations from experienced QPPVs. In just **10-minutes** speakers will share their insights and practical advice on a variety of themes of general interest, providing attendees with valuable takeaways that they can apply in their own work. The interactive **10 minute Q&A session** that follows will allow participants to engage in meaningful dialogue with the speakers, making this session an inspiring and thought-provoking experience for all.

ABSTRACT WINNERS

The Programme Committee will carefully select **two exceptional abstracts** for in-person presentations at the upcoming conference in Amsterdam. As a selected speaker, you will receive complimentary conference registration, providing a unique chance to network with peers and gain valuable insights into the latest trends.

For all **other accepted abstracts**, we are offering the chance to present your projects/practical cases **live in a virtual free webinar** to a wider audience. This will allow you to showcase your work and build interest ahead of the main event.

SUGGESTED TOPICS

- **QP Oversight of PV systems beyond the PSMF**

- What other metrics and KPIs could be valuable to monitor outside what is collected for your PSMF Annex F?

- **Is there a role for QPPVs in devices**

- Are you (also) responsible for medical devices? How have you integrated that (if at all) into your PV system for the medicinal products you are responsible for?

- **QPPVs and regulatory authority portals**

- What systems do you have in place to navigate and ensure appropriate registrations for EudraVigilance, XEVMPD, MHRA portal, IRIS portal, PharmNet portal etc.?

- **QPPV and PV regulatory intelligence**

- How do you monitor key regulatory agencies websites for safety alerts on active substances for which you are QPPV in countries where regulators expect being informed of other countries signals (eg. Swiss medic expect to be informed of US FDA alerts)

- What other country laws and regulations that can have direct impact on Pharmacovigilance you as QPPV need to monitor?

- **Any other case study you feel can be inspiring for other QPPVs**

- What did you recently encounter (and hopefully solve) that you could share with your peers?

DEADLINES

Submit Abstracts by Wednesday 31 of May 2023

All abstracts have to be submitted online at <http://www.diaglobal.org/get-involved/abstracts>

Notification Date Submitters will be notified of the status of each abstract no later than the week ending 16 June 2023.
