Overview

DIA's Advancing Diversity, Equity, and Inclusion Across Life Sciences R&D Meeting will lead the way in sharing knowledge and fostering coalitions to build greater diversity, equity, and inclusion efforts in the life sciences R&D field.

This program has been developed in collaboration with the Diversity & Inclusion in Life Sciences Community.

Why You Can't Miss It

- Emphasize approaches and actionable solutions learned from years of investment from the biopharmaceutical and medical device industry
- Navigate challenges and best practices that exist in various phases of the drug development lifecycle
- Inspire interactive and compelling discussions to improve industry accountability and sustainability
- Advance dialogue among industry leaders, clinical research sites, patients, academia, the FDA, and those in public policy

Who Should Attend

Professionals involved in:

- Diversity, Equity, and Inclusion
- Clinical Research Operations
- Medical Affairs and Communication
- Patient Advocacy, Engagement and Outcomes
- Professional Education, Training and Development
- Public Policy and Regulatory Affairs

Learning Objectives

At the conclusion of this conference, participants should be able to:

- Describe efforts that advance clinical trial diversity for racial and ethnic minorities, women, and rare diseases
- Discuss insights on why changing organizational culture to embrace diversity, equity, and inclusion, is an important component of enabling the success of DEI efforts more broadly across multiple areas of R&D
- Apply learnings on how to set your company up for culture change success
- Identify challenges within protocol development and design and how they can impact DEI
- Describe effective ways to integrate community engagement into your clinical trial
- Identify the many challenges that exist in understanding data from defining it from a race and ethnicity perspective, its real-world application and use, and the importance of equitable data in relation to clinical trial development
- Implement effective patient engagement strategies into your own organizational practices
- Evaluate the challenges that impact diversity recruitment, enrollment, and retention in clinical trials
- Describe methods to increase the diversity of the clinical research talent pipeline

Continuing Education Credits

DIA is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program is designated for up to 10.5 contact hours or 1.05 continuing education units (CEU's). Type of Activity: Knowledge

DIA is required by the Accreditation Council for Pharmacy Education (ACPE) to report pharmacy-requested CEUs through the CPE Monitor system. **All ACPE-certified activity credit requests need to be submitted through DIA's My Transcript within 45-days post activity.** If ACPE credit is not requested by **Friday, November 18, 2022**, the CEU request will not be transmitted through to the CPE Monitor. Pharmacists will need to provide their National Association of Boards of Pharmacy (NABP) e-Profile ID and date of birth (MMDD) to ensure the data is submitted to the ACPE and NABP properly. If you need to obtain your NABP e-Profile, please visit www.cpemonitor.net
