DIA Training Course on

Essentials and Overview of the Regulatory Framework in Europe

19-20 April 2016
Mercure Paris La Défense Grande Arche, Paris, France

OVERVIEW

The course will give an overview of the European regulatory system for human medicines, including the legislative processes and European networks, the different routes for obtaining a licence for the European market, the centralised, the decentralised and the mutual recognition procedures, and the national procedures. Different steps and timelines for the various procedures will be covered. An introduction to pharmacovigilance, variations and renewals will be given in the context of the lifecycle. In addition, the specific European procedures for orphan drugs, paediatrics, advanced therapies and combination products will be discussed.

The course will cover the current registration systems available for approval of human medicinal products:

• Regulation EC726/2004 on the centralised procedure, including specific marketing authorisations and the European Medicines Agency
• Directive 2001/83/EC ‘the Community Code’ on the Mutual Recognition Procedures

A case study will enable participants to apply the freshly gained knowledge into their daily practice.

This is a hands-on course. It is necessary that you bring your laptop/electronic device with you.

KEY TOPICS

• The European Regulatory Framework
• Marketing Authorisation for Medicinal products in the EU
• Lifecycle Management

WHO WILL ATTEND

Professionals in regulatory affairs, project management and product development.

LEARNING OBJECTIVES

At the conclusion of this course, participants will be able to:

• Explain the European Regulatory Framework and registration procedures
• Describe the concepts of marketing authorisation and regulatory data protection
• Discuss the key issues that impact the choice of the registration procedure
• Describe the lifecycle management

Participants will complete a knowledge check at the end of the course and will be provided with feedback to ensure learning objectives are attained.

**About DIA**

DIA is a neutral, non-profit organisation founded in 1964 with its global center located in Washington, DC, US and with regional offices covering North and South America (Horsham, Pennsylvania, US); China (Beijing); Europe, Middle East & Africa (Basel, Switzerland); India (Mumbai); and Japan (Tokyo).

Over the past 50 years, DIA grew to a global organisation with members from more than 80 countries. During this time, as the options to treat disease evolved, DIA’s scope has expanded to keep pace with these innovations and smooth that rugged research path in a variety of ways.

DIA is the only organisation that enables everyone involved in health product development to share information on a global scale, in a neutral setting. Our goal is simple: To improve health and well-being by transferring knowledge from those who have it to those who need it.

DIA members—regulators, researchers, industry professionals, advocates and patients—join for a variety of reasons but share the common goal of improving human health and well-being worldwide.
