GLOBAL ANNUAL MEETING
SAN DIEGO | JUNE 23-27

PollEverywhere

A Guide to Adding
Interactive Questions to
Your Presentation

Give as much attention to **PARTICIPATION** as you do to information

Conferences have grown beyond attending just to listen to someone speak; we have the internet for that. Instead, face-to-face events should be about engagement, participation, and discussion, as a means to learn beyond listening to information

What is PollEverywhere?

Poll Everywhere transforms one-sided presentations into two-way conversations with the audience. This web-based audience response system lets you embed interactive activities directly into your presentation. The audience responds on the web or via SMS texting on their phones.

How Do I Add Questions to My Presentation?

Step 1

Choose from a large variety of question types, including multiple choice, open response, live word clouds, clickable images, up and down voting for Q&A, and rank order. Questions can include images and emojis.

Step 2

Provide your interactive questions to DIA. DIA will convert your questions into polling PowerPoint slides.

Step 3

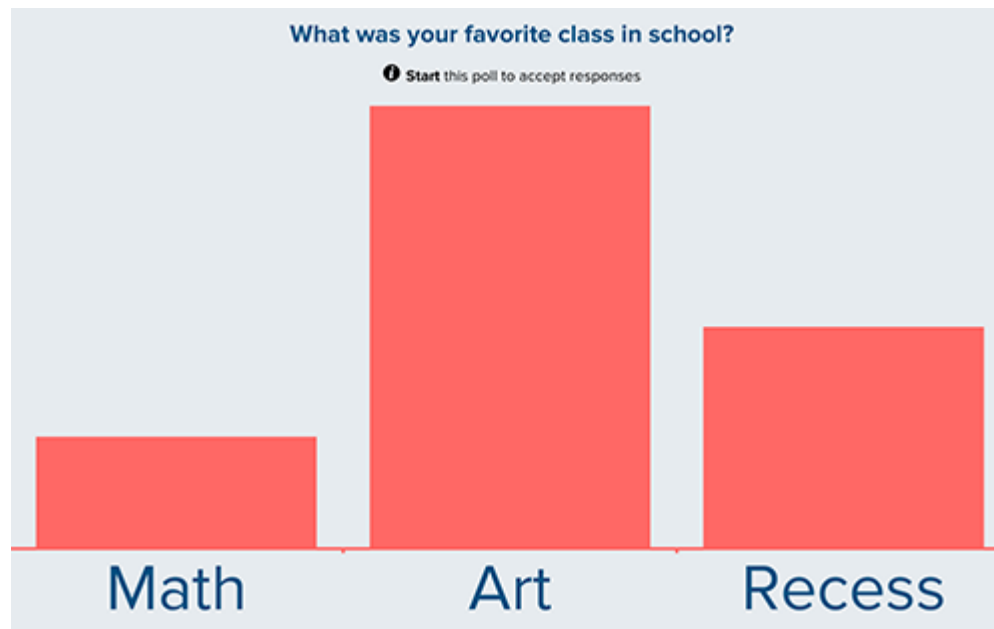

Insert polling PowerPoint slides into final slide deck where you want them to appear in your presentation.

Step 1: Choose your poll type

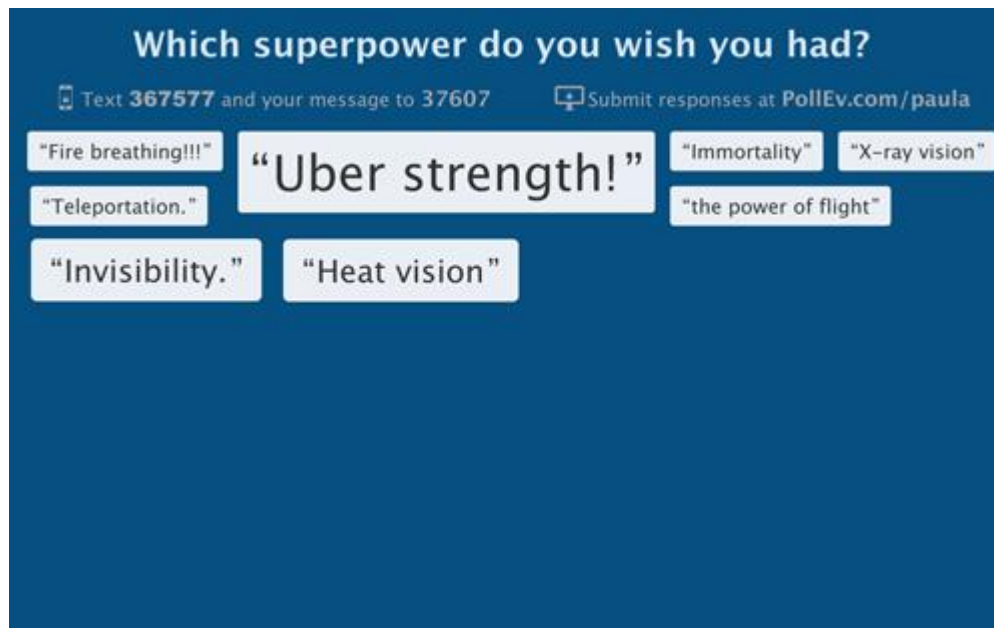

Multiple Choice

The audience chooses from the response options you provide (for example a choice of either true or false.) You can also upload images to serve as response options and indicate a correct answer (if applicable).

Open Response and Word Cloud

The audience responds freely, with anything they wish. Open-ended responses can be displayed three ways: a ticker, text wall, or cluster. Word Cloud allows only one word answers from the audience.

Clickable Images

The audience clicks anywhere on an image to respond. You can even specify regions to count clicks in specific areas.

Which one of these heroes has the best costume?

Submit responses at PollEv.com/paula

The image displays a grid of 30 comic book panels, each featuring a different superhero or character. The panels are arranged in a roughly rectangular layout. The characters shown include Thor, Spider-Man, Wonder Woman, The Incredible Hulk, Iron Man, The Thing, Zwicki Meeza, Green Lantern, The Flash, and Superman. Some panels also feature text like 'BATMAN and ROBIN', 'BATMOBILE', and 'SUPERHEROES'. The panels are colorful and stylized, typical of comic book art.

Total Results: 52

Up & Down Voting

The audience submits ideas or questions. Then they can anonymously upvote or downvote all other responses, so the best rise to the top quickly.

Which sidekick's bio should we read today?

Rank Order

Participants rank the response options you provide. The results display as a bar chart ranking the options 1st, 2nd, 3rd, etc.

Step 2: Submit your questions

Visit <https://www.surveymonkey.com/r/19PE> and complete the form to submit your questions.

Tips for Success

- Make questions short and simple. Limit answer choices to 5 total.
- Allow time for discussion of the response results. Build in approximately 1-2 minutes for presenting and polling and at least 2-3 minutes for discussion of each question.
- Speakers cannot submit more than 5 questions. Use questions sparingly to highlight the points you most want to emphasize.

Deadline to Submit Questions: June 10

Step 3: Inserting Polling Slides

DIA will create your polling slides from your submitted questions and send the polling slides to you no later than June 12.

You must then copy and paste the slide(s) into your slide deck where you want them to appear in your presentation prior to submitting the final version to DIA on June 14. Slides must be submitted using PowerPoint.
