THIS IS THE TIME
JUNE 14-18

THE Global Keeper of Policy, Science, and Innovation

Where Health and Thoughtful Discourse Meet

Where We Focus on the Future of Health

THESE ARE THE STAKEHOLDERS

650+

7000+

400 Attendees from All Disciplines, Roles, and Product Responsibilities Across 57 Countries

Government Representatives Across 46 Agencies in 20 Countries

Speakers and Presenters from 21 Countries

REGULATORS • INDUSTRY • ACADEMIA • PATIENTS

Driven by purpose and focused on the future of health, the stakeholders and key decision-makers who gather at our Global Annual Meeting advance science and technology for public health impact today, and for generations to come. All changes to the healthcare product development landscape—big data, medical affairs, artificial intelligence, regulatory policy, patient safety, value and access—represent opportunities, but only if they are paired with thoughtful, collaborative solutions.

Innovation is Built into DIA 2020 Through:

DIAmond Sessions
