

DIA Annual Canadian Meeting October 19-20 | Virtual

The *DIA Annual Canadian Meeting* is an opportunity for veterans and freshmen alike to learn and better understand the landscape of the current regulatory world, and participate in building a future where patients, physicians, regulators, payers, and industry can live healthier.
- 2019 Attendee

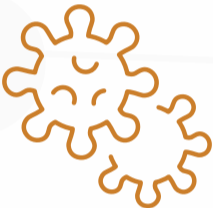

3 Key Focus Areas in Canadian Pharmaceutical Development

Regulatory modernization

International collaboration

Support for COVID-19 Therapies

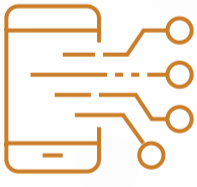

In the past 12 months, where have we learned more pertaining to healthcare in Canada?

Ways to support innovation and access solutions for patients

Importance of collaboration and international resource sharing

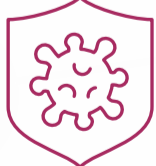

Future of healthcare in digital context

Regulations of note that will be discussed at the DIA Annual Canadian Meeting:

Agile Regulations to support innovation in Canada

Interim Orders to support COVID-19

Make connections, strengthen your knowledge, and stay at the forefront of healthcare in Canada and beyond!
