Session Types

DIAmond Session '90

- Acclaimed panelists from around the world participate in open conversation on the most relevant topics.

Innovation Hubs '20

- Short segment on a single topic, featuring 1-2 presenters. Takes place on the Exhibition Floor during the breaks.

Collaboration Hub '70

- Roundtable discussions on cross-functional topics. Interaction with the audience.
- Collaborative group exercises aimed at reaching measurable outcomes, designing an implementation roadmap, determining next steps, among others.

Poster Session ~'60

- Rapid poster presentations from the Authors directly, followed by a Q&A

Session '70

- Traditional sessions or interactive educational format – usually includes didactic presentations.

Workshop '70

- Designed for hands-on learning with a focus on application.

DIAlogue Forum '70

- Panel Discussion based with diverse group of stakeholders and representatives.

Masterclass '70

- Advanced level session held by experts, concentrating on specific topics and disciplines.
