

Is now the right time to learn about regulatory and HTA concepts?

YES!

The answer is always yes,
from Day 1 of your journey!

Did You Know...

A lack of regulatory awareness can lead to strategic missteps that delay your product's development and launch? Don't let this happen to you. We've got your back. Join us at the **DIA Startup Accelerator** on **18 March 2025** in **Basel, Switzerland**, and take your organization to the next level.

Why Attend?

- **Connect Directly with European Regulators & HTA Bodies:** Gain insider perspectives from the decision-makers shaping the regulatory landscape.
- **Decode Regulatory Language:** Navigate complex requirements with ease and avoid common pitfalls through hands-on knowledge-sharing sessions.
- **Build a Thriving Community:** Network with innovators, thought leaders, and change-makers driving advancements in healthcare and life sciences.

Who Should Attend?

Healthcare startups, small and medium sized entrepreneurs, and innovators, both commercial and non-commercial looking to accelerate their journey and make a real impact in life sciences.

Secure Your Spot Today and Future-Proof Your Success!

Date: 18 March 2025
