**Booth # 308****Website:** <https://www.propharmagroup.com>**LinkedIn:** <https://www.linkedin.com/company/propharma-group>

For over 20 years, ProPharma has improved the health & wellness of patients by providing advice & expertise that empowers biotech, med device, and pharmaceutical organizations of all sizes to confidently advance scientific breakthroughs & introduce new therapies. As the world's largest RCO, ProPharma partners with its clients through an advise-build-operate model across the complete product lifecycle; offering an end-to-end suite of fully customizable consulting solutions

A large graphic for the ProPharma booth. It features the ProPharma logo at the top left. Below it, the text "custom solutions for complex needs" is written in white on a purple-to-orange gradient background. To the right of this text is a close-up image of a microscope. Below the main text, there are six circular icons, each with a different color and a stylized 'P' shape, arranged in two rows of three. Each icon is accompanied by a service name: regulatory sciences, clinical research solutions, quality & compliance, pharmacovigilance solutions, medical information, and R&D technology. A large, colorful, curved graphic element is on the right side of the bottom section.

Synterex, Inc.

Booth # 209**Website:** <https://synterex.com/>**LinkedIn:** <https://www.linkedin.com/company/synterex/>

Synterex is a woman-owned (WBENC), disability-owned (DOBE) clinical and regulatory consulting firm specializing in agile methodology, automation, and artificial intelligence (AI)-driven technologies. Delivering quality regulatory documentation requires navigating an evolving landscape influenced by regulators, research committees, healthcare professionals, and—most importantly—the scientific method itself. At Synterex, we forge lasting and meaningful relationships that flex.

Trilogy Writing and Consulting Inc.

Booth # 206/208

Website: <https://www.trilogywriting.com>LinkedIn: <https://www.linkedin.com/company/trilogywriting-and-consulting/>

At Trilogy, medical writing is our passion. As specialists in regulatory documentation, we provide a service that is more than just writing. Our writers are integral parts of our clients' teams. We proactively plan, coordinate and write regulatory documents to meet timelines, with a readability that reduces the time for review and approval. Our goal is to help teams streamline their documentation process and make sure their documents communicate clearly and effectively.

ZYLIQ

Booth # 109

Website: <http://www.zyliq.ai>LinkedIn: <https://www.linkedin.com/company/zyliq>

ZYLIQ is designed to help generate a pre-filled firstdraft CSR with information from Protocol, SAP and other sources, saving medical writers 50%-60% of CSR completion time. ZYLIQ automatically extracts and collates information from sources document such as protocol, SAP, In-text etc., in the appropriate CSR sections.

Wolters Kluwer

Booth # 105

Website: <https://www.wolterskluwer.com/en>LinkedIn: <https://www.linkedin.com/company/wolters-kluwer/>

Wolters Kluwer (EURONEXT: WKL) is a global leader in professional information, software solutions, and services for the healthcare, tax and accounting, financial and corporate compliance, legal and regulatory, and corporate performance and ESG sectors. We help our customers make critical decisions every day by providing expert solutions that combine deep domain knowledge with specialized technology and services.

Thank You to our Platinum Exhibitors
