GLOBAL LABELING CONFERENCE

April 07-08, 2025
The Westin Arlington | Arlington, VA

APPIAN

Table #2

Website: <https://appian.com/>

LinkedIn: <https://www.linkedin.com/company/appian>

iAppian is The Process Company. We deliver a software platform that helps organizations run better processes that reduce costs, improve customer experiences, and gain a strategic edge. Committed to client success, we serve many of the world's largest companies across industries.

BASIL SYSTEMS

Table #8

Website: <https://www.basilsystems.com/>

LinkedIn: <https://www.linkedin.com/company/basilsystems>

Basil Systems is a leading product lifecycle strategy solution empowering Pharmaceutical and MedTech companies to accelerate market entry, react rapidly to risk, and optimize patient outcomes. Life science innovators leverage our advanced SaaS platform powered by BasilLink, the most comprehensive, accurate, and real-time global dataset in the industry for labeling, medical device, clinical trial, adverse event, and guidance data. BasilLink for Pharma drives label strategy and expansion, informs R&D decisions for pre-clinical discovery, and supports pharmacovigilance efforts. BasilLink for MedTech centralizes 510(k)s, PMAs, product codes, and more, visualizes predicate relationships for optimized submissions, enables post-market surveillance, and provides competitive analysis for Clinical Evaluation Reports (CERs). Automated ingests and indexing of enterprise and public data – AI-enabled and LLM supportable – analytics, API delivery, and workflow integration all combine to fuel efficiency and unlock strategic insights effortlessly across teams.

DOCUVERA

Table #1

Website: <https://docuvera.com/>

LinkedIn: <https://www.linkedin.com/company/docuvera/>

Docuvera is a world leader in component authoring solutions, enabling the efficient authoring, sharing and reuse of information across the drug production life cycle.

DR.EVIDENCE

Table #9

Website: <https://www.drevidence.com/>

LinkedIn: <https://www.linkedin.com/company/doctor-evidence-llc/>

Dr.Evidence is the leading AI-enabled landscape intelligence platform for Life Sciences, helping our clients get their products to market and keep them there. Label Intelligence (formerly DocLabel) automates prior precedent research, competitive comparisons and label monitoring across 9 health authorities. Supplemented with regulatory approval packages, guidance documents, clinical trials and beyond, the platform delivers strategic insight and dramatic efficiencies across the product lifecycle.

GLEMSEER TECHNOLOGIES

Table #5, 6

Website: <https://www.glemser.com/>

LinkedIn: <https://www.linkedin.com/company/glemser-technologies/>

Since 1987, Glemser's team of global technology advisors has been providing software and advisory services for life science companies and regulated industries. We help our clients incorporate emerging technologies and innovative methods to address their most pressing business needs. In doing so, Glemser allows companies to better develop and commercialize medications for improved patient outcomes.

i4i

Table #11

Website: <https://www.i4i.com/>

LinkedIn: <https://www.linkedin.com/company/i4i/>

At i4i, the structured content company, we create innovative solutions for the life sciences industry. Our solutions support the global alignment of regulated content and deliver efficiency, consistency, and regulatory compliance. Our global platform captures rich semantic data that automates complex content processes and delivers comprehensive data mining and analytics. Bring us your content challenges and let us show you what rich semantic data can do for you!

INTAGRAS

Table #10

Website: <https://intagras.com/>

LinkedIn: <https://www.linkedin.com/company/intagras/>

Regulation is a language. From tracking global data standards to SPL/SPM & XML conversion to shifting interpretation and guidance – Intagras helps you make sense of it all with expert regulatory tracking & submission solutions.

LEXISNEXIS REED TECH

Table #7

Website: <https://risk.lexisnexis.com/>

LinkedIn: <https://www.linkedin.com/company/lexisnexis-risk-solutions/>

At LexisNexis Risk Solutions®, we believe in using data for good to solve problems and make a positive impact on people, industry and society. We deliver enhanced value to our customers by leveraging the power of insight through data, advanced analytics and innovative technologies to help them solve problems, make better decisions and improve operations. Our technologies, decision tools and services give our customers a clear advantage in evaluating and predicting risk, enhancing operational efficiency and protecting their consumers.

OPUS REGULATORY

Table #4

Website: <https://www.opusregulatory.com/>

LinkedIn:

<https://www.linkedin.com/company/opusregulatory/>

Opus Regulatory is a niche Regulatory Affairs consulting firm providing experts in Regulatory Strategy, CMC, Labeling, and Ad Promo. Our clients range from development stage biotech companies to mid-size and large pharmaceutical companies. Our team is made up of biopharmaceutical leaders and innovators. Our mission is to provide the highest-level Regulatory Affairs consulting service in the industry and to continually exceed the expectations of our clients.

SCHLAFENDER HASE

Table #3

Website: <https://www.schlafenderhase.com/>

LinkedIn: <https://www.linkedin.com/company/schlafender-hase/>

Schlafender Hase serves regulated industries across the globe. Clients include the world's leading pharmaceutical and medical device companies, as well as healthcare regulatory bodies. The continued success of Schlafender Hase is based on delivering quality products and a strong understanding of customer pain points. Easy to use, our products reduce proofreading workloads, assure the quality of printed and online materials, and mitigate the risk of costly errors.
