

DIA EUROPE 2026

COLLABORATING FOR HEALTHCARE INNOVATION

24-26 MARCH 2026 | ROTTERDAM

DIA Europe is where regulators, patient representatives, industry leaders, and key innovators come together to tackle the most pressing challenges in healthcare and medicinal product development.

We provide the place for you to meet trusted colleagues and make new connections with key stakeholders passionate about advancing health priorities.

DIA Europe 2026 - DIA member's annual gathering is the best place to refresh strong ties made throughout our global community.

DIA Europe is:

- The largest neutral conference in the life sciences field throughout Europe.
- The central knowledge hub between science, healthcare and regulation.

Join Our Multidisciplinary Discussions On:

- Clinical Trials Innovation
- CMC & Quality
- Artificial Intelligence & RWE
- Global Insights
- Innovative Therapies, Precision Medicine & Diagnostics
- Medical Devices & Combination Products
- Pharmacovigilance & Safety
- Regulatory Operations
- Regulatory Strategy & EU Pharmaceutical Policy
- Value & Access

Did You Know?

The programme will be shaped around six Priority Areas, encompassing the key themes driving the sessions and discussions:

- Environmental Sustainability
- A Competitive and Effective EU Regulatory & Lifesciences Ecosystem
- The Role of Innovation in the Future of Healthcare
- Accelerating Innovation with Data, Digitalisation & AI
- Collaboration across Europe and beyond
- Upskilling and Building Capacity for a Sustainable System
